

# RealAcoustix RealDiff HD/R

**RealDiff HD/R (Walnut)**  
**Atlantic Records NYC**

The RealDiff HD/R is built to the same quality standards as the original RealDiff HD. The /R series of 1D and 2D diffusers are made to retrofit into standard size profiles commonly used in the industry.

The RealDiff HD/R maintains the features of a prime 13 2 dimensional diffuser, the highest in the industry. Available in any veneered wood the RDHD/R can be customized to meet your architectural requirements.

Also available in a drop-ceiling version.
